💼 Work History

2020-10 - Current

RPA Developer
BRF, Itajaí, Santa Catarina

- Managed over 5 projects per day.
- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Revised, modularized and updated old code bases to modern development standards, reducing operating costs and improving functionality.
- Introduced agile methodologies and effective development best practices to division to enhance product development.
- Pioneered new methods of code review, enhancing final products with ideas otherwise overlooked.
- Collaborated on all stages of systems development lifecycle, from requirement gathering to production releases.

2019-02 - 2020-01

Young Apprentice
UNIMED, Balneario Camboriu, Santa Catarina

- Managed over 20 customer calls per day.
- Experience with JIRA system.
- Successfully maintain clean, valid driver's license and access to reliable transportation.
- Offered friendly and efficient service to all customers, handled challenging situations with ease.
